Subject: Time Extension for Abatement of NOV #10132, Intermountain Power Agency, Wildcat Loadout, C/007/0033, Task ID #4456

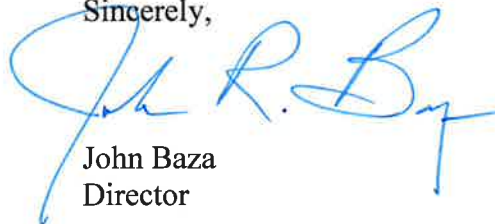

Dear Mr. Lee:

The Division received your request for an extension of time to abate Notice of Violation #10132 on February 27, 2014. Since the abatement period of this violation will go beyond 90 days the conditions of R645-400-327 apply. We agree that climatic conditions have precluded the abatement and consent to your request for a two week extension.

The abatement for violation #10132 is now due by March 17, 2014. No other changes have been made to the abatement requirements. Please make every effort to complete the abatement by this new date.

Thank you for your help in resolving this situation. If you have any questions, please call me at (801) 538-5334 or Daron Haddock at (801) 538-5325.

Sincerely,

John Baza
Director
